

## Welcome to Scheruhn Industrie-Mineralien

Thank you very much for visiting our website and your interest in our products.

Since over 100 years, we are a firmly established distributor of **high quality minerals, anorganic bulking agents as well as white and coloured pigments** for the manufacturing industry.

Our main priorities are to **constantly supply** you with quality commodities and to provide **personal service through a qualified team** of sales representatives. **Building trust through a fair partnership to achieve success for all** - that's our ongoing motto you'll be surely convinced of as well soon.

In order to fulfill the growing demands of today's business, we work together with **worldwide leading mines, processors and producers** as well as **international logistics partners** to ensure availability of needed commodities at any time at any place.

### Our services - much more than you expect...

If you want to know more about us, you are invited to take a tour through our website right now, where you'll find all desired information and get a quick introduction to the service portfolio of Scheruhn Industrie-Mineralien.
